### Sunday is Mother's Day!

The following verse from the pen of an unknown author carries a beautiful thought:

If everything I say and do  
May merit her attention,  
If every word of mine  
Seems so proud to mention;  
If each word dream which stirs  
My heart  
May set her soul to singing,  
Lord, let me strive to do my part  
To startle the echoes ringing;  
If every word of mine  
May make her life the sweeter,  
If any ill-advised design  
May prompt a doubtful merit,  
If it be vindicated in any case  
The burdens of another,  
God, give me strength and courage  
To think always of mother.

## Band Celebrates 4th Anniversary at Sunday Concert

The Pahokee High School Band celebrated its fourth anniversary at the final concert of the spring season given in the school auditorium Sunday afternoon under the direction of Robert O. Lampl.

Flowers of every kind transformed the concert hall into a symphony of color and fragrance. At the footlights of the stage were festoons of asparagus fern intermingled with sprigs of all colors. A huge bouquet of roses stood on each end of the stage, a bouquet of dahlias in the center.

Following the concert the Band Mothers' Club entertained members to a luncheon at the Hotel Lampl in the school cafeteria where home-made ice cream and cake were served. Cakes for the affair were furnished by Mrs. Joe Hatton and Mrs. Dave Lovell.

## Instruction School Held For PTA

The Palm Beach County Council of Parents and Teachers conducted a school of instruction at the "Peninsula" Hotel, Palm Beach on Wednesday, May 10. Members of the Canal Point PTA who attended the school were Mrs. Wanda Annema, Mrs. Jane Miller, Mrs. J. L. Hall and Mrs. J. E. Williams.

### CANAL POINT METHODIST CHURCH

E. S. Doherty, Pastor / Sunday School, 10 a. m. N. V. Maxson superintendent / Morning worship, 11 o'clock / Youth Fellowship, 7:15 p. m. / Roy Pope, president / Evening service, 8 o'clock / The pastor wishes to remind you that Sunday is Mother's Day when the music, sermon and prayers will center around the thought of motherhood and her great influence in shaping the destiny of the future in the Church, School, Home and Nation.

The sacrament of the Lord's Supper will be observed at the evening service, when special recollections will be given to the oldest and youngest members of the service. There will also be a token of remembrance given to the mothers of the largest family present at the service.

The Church is urged to be very prompt in prayer during these anxious days when we receive authentic information that the invasion has begun to ring the alarm bell as a signal to the whole community to pray for prayer, as the Church will be open all day for folks to come when ever possible for those who it is impossible for you to come to the Church, lift up your heart and pray.

## Pahokee FFA Wins First In 4 Starts In District Meet

## Graduates Are Guests Of Mothers and PTA

Members of the Pahokee High School 1944 graduating class were entertained at the Lions Club building Friday, May 11, at luncheon sponsored by the PTA and room mothers.

General arrangements were under the direction of Mrs. I. W. Weeks and Mrs. Carmen Salvatore, senior class mothers, assisted by Mrs. W. S. Braden, Mrs. R. P. Todd, Mrs. John T. Pickett, Mrs. C. A. Bachelor and Mrs. Joe Alderman.

Lending color and fragrance to the scene were numerous flower roses, petunias, snap dragons, lilacs and shrub plants which were arranged by Mrs. Pickett.

The seniors were surprised upon arriving at the luncheon to find in one corner of the hall a Christmas tree and been fully decorated by Mrs. Braden and was laden with wrapped packages.

Preceding at the tree was a Santa Claus costume. There was much hilarity and fun during the time the gifts which had been selected by Mrs. Braden and was laden with wrapped packages.

## Stuckey For Congress

(An Editorial)

Lennie Stuckey, Pahokee candidate for congress from the recently created sixth district, carried over of the 11 counties in the district in the May second voting. His opponent, Dwight Rogers, amassed enough of a lead in his district. Mr. Stuckey's home county was divided among six candidates but he still was high man in the county by nearly three hundred votes.

Now comes the run-off election on May 23. Reports filtering in from the various counties in the district are enough to make Stuckey's campaign a grueling strength each day. From the reports, and the men behind the reports, it would seem that Lennie Stuckey is going to be the new congressman from the Sixth district.

We are of the opinion that Mr. Stuckey is the best qualified of the two in the race and sincerely hope that he will in an effort to send him to Washington. During the years he has lived and worked in the Everglades section of Palm Beach county, Mr. Stuckey has amassed enough of the people's goods that he now can relax in his farming operations and make his career an outstanding Congressman. Lennie isn't a politician. He is a hard-headed business man and with more of his type at the helm in Washington it is possible that the government would have brought back to the people from the hands of bureaucrats.

Folks in the western section of the new district are of the opinion that Mr. Stuckey would make a better congressman for the whole district than would a man from the east coast of Florida—therefore, their swing to his support. Their arguments are simple. It is easy to see how a man of the soil could more fully represent the district than could a man not conversant with the needs of the entire district. For, after all, the major portion of the district is devoted to agriculture for a livelihood.

We are for Lennie Stuckey for congress. We believe he will be elected by a large majority on Tuesday, May 23.

## \$725 Is Goal For P. H. S. Band Fund

Once a year Pete deMoya and Paul Rardin go out in an effort to raise money to finance the Pahokee high school band. In the past Pete and Paul have found this one of the most delightful duties among their civic duties. When they call on folks for cash to run the band they never get a turn down. The folks of the Graham valley will be cast their vote for the check book and say "How much."

This year is no different from the other. The money-raising team went out Tuesday morning and raised almost all the cash needed. Pete had a little cash back to get their homes and planned to give them permanent employment when they return. His past service in Congress has been well known. He is a veteran of the World War I and his vision of a greater Florida.

His vision of a greater Florida. His vision of a greater Florida. His vision of a greater Florida. His vision of a greater Florida. His vision of a greater Florida.

## Green Supporters Are Enthusiastic

Lex Green supporters believe they are on the eve of the great victory over attained by the Green movement in the State of Florida. Green's support has organized strong clubs on the Lower East Coast and their efforts are gaining momentum daily. It is now freely predicted that 80 per cent of the Graham valley will be cast their vote for Lex Green on May 23 and with this the Green movement will be overwhelming.

The Green movement will be overwhelming. The Green movement will be overwhelming. The Green movement will be overwhelming. The Green movement will be overwhelming. The Green movement will be overwhelming.

## SMOOTHER RIDES

"Smoother riding trains and autos may come out of a wartime development. Westinghouse Electric engineers have hopes for a civilian application of the gadget which keeps a big gun stabilized while the tank it rides on jumps and hops over the land-scape. They say that the power required to eliminate up and down movement of a railroad coach is only about three horsepower. The stabilizing equipment is so small it could be tucked into an overnight bag. — Wall Street Journal.

## PIPE DREAM

A foreign government official was commissioned to obtain a supply of pipe for a certain construction job. After much correspondence, he was finally informed "by the United States manufacturers that immediate delivery was impossible.

Refusing to accept this answer as final the official wired, "Imperative have pipe order filled. Send us what you can." The answer came that the manufacturer had a small supply of pipe on hand but without threads. Back came another telegram: "Arrange shipment of pipe at once. Send threads next week." — Coronet.

## CAME IN SECOND

Stephen Leacock, the humorist, tells how proud he was when he first rode his Ph. D. and on his first trip to the Orient put himself down on the messenger list of the liner as "Dr. Leacock." "I was just getting my things straightened out," he says, "when a steward knocked at my cabin door and asked, 'Are you Dr. Leacock?' The captain's compliments. Doctor, and will you please come and have a look at the second stewardess' leg." "I was off like a shot, realizing the obligations of a medical man. But I had no Dr. Leacock's? ## WHY telephones are hard to get

The telephone business is deep in the war and getting deeper all the time.

The farther American forces advance, the more switchboards, wire and telephones they need. And folks at home seem to want more, too.

Since the National Defense program started in 1940, we have supplied the needs of Army, Navy, war producers and most others. In all, Southern Bell has increased the number of telephones in service by over half a million.

The equipment to do this came from reserves that are about used up. No more can be made for civilian use. That's why we can't fill orders as fast as we'd like.

But we're doing all we can to serve as many as possible as soon as possible by—

Reconditioning and using every facility that will give good service.

Recovering facilities quickly when service is discontinued.

You can't afford to let your Electric Refrigerator stop working for

## ONE DAY ONLY

FOLLOW THESE SIMPLE RULES!  
They'll help make your refrigerator last longer!

1. Store all foods requiring refrigeration in proper cold areas.
2. Use covered containers for all liquids and hot foods.
3. Fresh meats, butter and cheese should be stored in covered containers or wrapped in wax paper.
4. Wash and thoroughly dry vegetable and other produce. Never store fresh fruit just chill it.
5. Never crowd food in a refrigerator. Allow free circulation between shelves.
6. Defrost at least once a week. Think of ice buildup as cold storage space as it will cause it to run longer.
7. Don't leave food in refrigerator as it will cause it to run longer.
8. Don't open the refrigerator door any more than absolutely necessary.
9. Locate refrigerator in a shady spot as sun will not cause it to run longer.
10. Keep cold water, condensation and drips will stay fresh longer in the refrigerator.
11. Keep it clean by washing inside with soap water and outside with soap and water.
12. Wash door gasket when cleaning to see if it is not bent or stiff.
13. If the outside finish of cabinet is not painted, wash it at least once a year.
14. Remove immediately all food spots, oil stains, especially egg leaks.
15. Remove any strong odors from inside as soon as possible by wiping up.
16. Remove dust from condensing coils on the back of the cabinet at least once a year.
17. Don't let temperature control dial go below 35 degrees.
18. Tighten legs when leveling to prevent sagging when leaving home for several days.
19. Never should be used at least once a year if it is not needed in service.
20. Have your refrigerator inspected at least once a year.
21. Place in room where there is free circulation of air around cabinet.
22. Do not place back of cabinet closer than 2 inches to wall.

Florida's war problems and post-war problems will be serious ones. Our share in winning the war... jobs for returning service men and women... highway improvements... employment for war workers... these are some of them.

To solve them successfully we must have a capable, steady, calm, level-headed and experienced governor of tested ability. Millard Caldwell's record in private life, in public life, in the Legislature and in Congress proves him to be such a man. Vote for him!

## THE OLD JUDGE SAYS...

"Glad you dropped in, Judge. I was just trying to explain to Mary what you told us down at sedge last night... about all the grain used to distill war-alcohol not really being used up. She didn't realize it either."

"It's true, Mary. Wherever the government has permitted distillers to purchase the equipment necessary to reprocess the used grain, at least 50% of the feed value (25% by weight) of the whole grain is being recovered and returned to farms like yours in the form of premium-quality live-

stock feed. Only the starch is removed during distilling... the part recovered is a highly-prized concentrate containing valuable proteins, fats and carbohydrates. The distilling industry really has taken a leading part in the development of new cattle and poultry feed products from reprocessed grain... products rich in vitamins B1 and B2... so essential to satisfactory growth and production. And the recovery of grain will apply also to the making of whiskey when production is resumed."
